

April 2026

As part of our obligations under the REACH regulation, we must inform our customers if our products contain substances on the REACH Candidate List in a concentration above 0.1 % (See our REACH statement on our website).

Based on the information provided to us by our suppliers, some of our products contain substances on the REACH Candidate List in a concentration above 0.1 %. The list below shows those products identified by our Item number.

The list will be updated continually as we receive new information from our suppliers.

The list is current as of the latest update to the Candidate List on 4 February 2026.

Compound	Item number	Substance name	CAS Registry Number	SCIP number
CR	1004345	Imidazolidine-2-thione	96-45-7	0dad5a72-5026-4fe1-b7ba-482282d21893
CR	228050	Imidazolidine-2-thione	96-45-7	0dad5a72-5026-4fe1-b7ba-482282d21893
